

ORDERING BARE ROOT TREES

The table below shows the stock we have currently available for purchase in store and the bare root trees we have already ordered for arrival in July. Bare root trees are available at the lower price as shown in the "Bare root Price" column. After bagging up, they will be an extra \$10 per tree. We can add to our bare root order at any time, though late additions to the order can not always be guaranteed and it is therefore recommended to place your order as soon as possible. You may order anything from the list below, however please be aware that some trees will require a minimum order quantity.

Ornamental Trees

| Tree Variety | | Current Stock on Hand | Current Stock prices | Bare Root on Order | Bare Root Price |
|-------------------|-------------------------|-----------------------|----------------------|--------------------|-----------------|
